

# 500W Power Supply S-500-48

## Features:

- 48V DC 10.5A output
- AC input voltage range: 90~135VAC / 180~264VAC
- High efficiency low cost
- Forced air cooling by built-in DC fan
- Low output ripple and yawp
- Over current, over voltage, short circuit and overheat protections
- 215\*115\*50mm (L\*W\*H)

## General Specification:

|                                 |                          |
|---------------------------------|--------------------------|
| Model                           | S-500-48                 |
| DC Output                       | 48V 10.5A                |
| Wave and Noise                  | 360mVp-p                 |
| Inlet Stability                 | ±0.5%                    |
| Load Stability                  | ±0.5%                    |
| Efficiency                      | 88%                      |
| Adjustable range for DC Voltage | 41.8V~52.1V              |
| AC Input Voltage                | 90~135VAC / 180~264VAC   |
| Working Temperature             | -10~50°C                 |
| AC Input Current                | 9.3A/115VAC, 4.8A/230VAC |
| Safety Standards                | GB4943, UL60950, EN60950 |
| EMC Standards                   | GB9254, 55022, ClassB    |
| Weight                          | 1.5kg                    |

## Dimensions:
